#### TECHNICAL DATA SHEET

# SANTRAX PINE DISINFECTANT

## Detergent and bacteriocide for powerful cleaning and disinfection

Date Issued: 20 April 2012 Rev.: 00

Date Printed: 14 August 2012

### **GENERAL DESCRIPTION**

SANTRAX PINE DISINFECTANT is a perfumed detergent disinfectant intended for maintaining cleanliness, hygiene and odour control in toilets, ablution areas, hospitals, factories, households, schools, etc. SANTRAX PINE DISINFECTANT is suitable for use in all non-food areas as it contains a fragrant deodorising perfume. It is non-hazardous and hence, safe on all washable surfaces. It is also biodegradable.

#### **METHOD OF USE**

For light-to-medium-duty cleaning and deodorising, dilute between 20 and 50 ml of **SANTRAX PINE DISINFECTANT** to 1 litre with water.

For disinfecting, dilute 20 ml of product to 1 litre with water.

### **HANDLING AND SAFETY**

SANTRAX PINE DISINFECTANT is non-hazardous. However, some precautions should be taken when handling and using product. In cases of accidental contact with skin or eyes, flush affected area with fresh, cold water. If any irritation persists, obtain medical attention. If swallowed, obtain medical attention immediately.

#### **PROPERTIES**

**Appearance** Clear, green liquid **Density at 20°C** 1.00 kg/l

**pH** (**Neat**) 7.0

#### **PACKAGING**

**SANTRAX PINE DISINFECTANT** is supplied in 5-litre containers.

For further information, refer to the Safety Data Sheet.

#### USE OF THIS TECHNICAL DATA SHEET

This Technical Data Sheet complements and should be used in conjunction with the appropriate Safety Data Sheet. The information and recommendations given above are, to the best of the company's knowledge and belief, accurate and reliable as of the date issued, but are offered without guarantee or warranty and do not form part of any specification, except where otherwise stated. They are given solely for guidance in appropriate handling and use of the material. They relate to the specific material designated and may not be valid for such material used in combination with any other material or in any process. Conditions of use of the material are under the control of the user, therefore it is the user's responsibility to satisfy himself as to the suitability of the material, and the suitability and completeness of this information, for his own particular use.
